For Comprehensive control in Asthma & COPD

AC BREATHE 100/200 SR

Acebrophylline 100 mg Capsules
Acebrophylline 200 mg (Sustained Release) Tablets

Acebrophylline

- Increase the mucociliary Clearance.
- Mucoregulating and a bronchodilators drug.
- An airway mucus regulator with anti-inflammatory action.
- Leads to mucoregulation, stimulation of bronchoalveolar clearance with anti-inflammatory anti-reactive effect.

Indication :

- Bronchial Asthma
- Chronic Obstructive (COPD)
- Bronchial Hyper
- Responsiveness

For Comprehensive Control

Allow
SMOOTH
Aeration

AC BREATHE PLUS

Acebrophylline (In sustained Release form) 200 mg + Fexofenadine Hydrochloride 120 mg + Montelukast Sodium 10 mg Tablets

Acebrophylline

- Mucolytic & bronchodilator
- Produces greater efficacy than ambroxol or theophylline

Fexofenadine Hydrichloride

- Anti histaminic, Anti allergic
- Inhibits antigen induced bronchospasm.
- Reduces allergic inflammatory responses mediated by mast cells, basophils, epithelial cells, eosinophils & lymphocytes

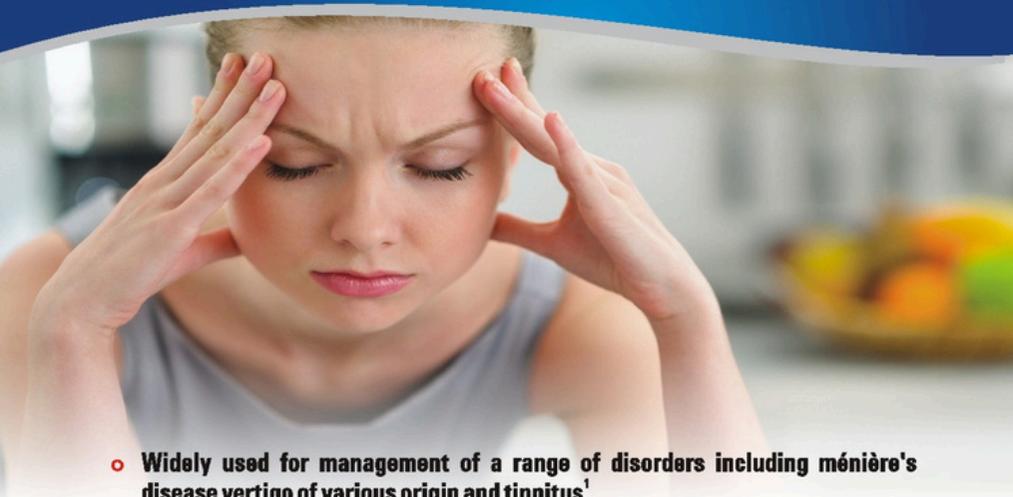

Montelukast

- Leukotriene receptor antagonist
- Relieves bronchoconstriction-induced by leukotrienes

Together with pain and headaches, dizziness and **VERTIGO** ...
causes balance disorder and impairs quality of life

ADVERT-16

Betahistine Dihydrochloride 16 mg Tablets

- Widely used for management of a range of disorders including ménière's disease vertigo of various origin and tinnitus¹
- Offers good results and widespread acceptance by physicians for many years¹
- Betahistine also appeared to be somewhat quicker in reducing the handicap associated with vertigo¹
- Significantly superior to flunarizine for frequency and duration of vertigo attacks and the presence of vegetative symptoms¹
- Does not cause headaches, flushing, blurred vision, vomiting, or sedation¹

⊙ Vertigo ⊙ Meniere Disease

40 years of clinical use

Restores Balance.. Improves QoI

ADWIMOX-CV 625+

Anhydrous Amoxicillin 500 mg + Clavulanic Acid 125 mg +
Lactic Acid Bacillus Million Spores Tablets

Amoxicillin + Clavulanic Acid :

- More efficiently eradicates beta-lactamase producing strains & S.pneumoniae strains'
- Excellent clinical activity in pharyngotonsillitis
- Promising activity against pathogens that cause bone infections.

Lactic Acid Bacillus :

- Improves GI tolerance of antibiotics thus reduce antibiotic associated diarrhoea.

In

- ▶ Acute otitis media
- ▶ RTI
- ▶ SSTI
- ▶ Dental infections
- ▶ UTI

Fullfill Every Requirement For Healthy Outcome

ADWIRON-XT

Ferrous Bisglycinate 300 mg + Elemental Iron 60 mg +
Elemental Zinc 15 mg Folic Acid 1.5 mg +
Methylcobalamin 500 mcg Tablets

Ferrous Bisglycinate

⊙ It is a chelated form of iron and is absorbed like amino acids by cells of small intestine without the usual irritation and constipation of other forms.

Zinc

⊙ Improves iron status in body.

Folic Acid

⊙ Prevents neural tube defects.
⊙ Corrects megaloblastic anemia

Methylcobalamin

⊙ Methylcobalamin is a naturally occurring and pure form of Vitamin B12.

Satisfies Every Demand...

ADWIRON-Z

Ferrous Ascorbate (Elemental iron 100 mg) +
Folic Acid 1.5 mg + Zinc Oxide 22.5 mg Tablets

Ferrous Ascorbate :

- ⊙ Most widely recognised & Accepted Reference Iron.
- ⊙ Exhibits high bioavailability & shows quick rise in Hb level.
- ⊙ No interaction with food & lesser G.I. side effects

Also Effective:

- Iron Deficiency Anaemia
- Post Menopausal Anaemia
- Post Surgical Anaemia

Iron Deficiency Anaemia

Heavy Uterine Bleeding

Pre & Post operative anemia

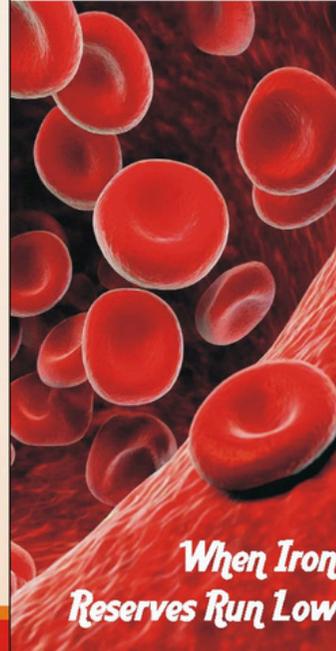

Restores Haemoglobin, Revitalizes Health

ADWIRON-FC

ADW
XT/FC

Ferric Carboxymaltose 500 mg Injection

- Highly effective option in the treatment of iron-deficiency anaemia in patients for whom oral iron preparations are ineffective or cannot be administered
- Produces rapid improvements in haemoglobin levels compared to ferrous Sulfate
- Improves health-related quality of life (HR-QOL) in patients with iron-deficiency anaemia

When Iron Reserves Run Low

ADWIRON

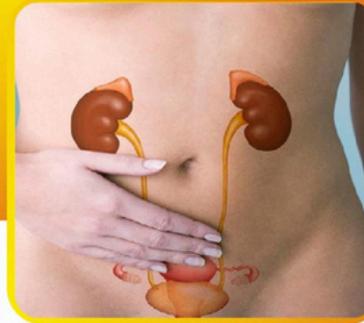

Ferric Hydroxide in Complex with Sucrose (Elemental Iron) 20 mg Injection

- Effective in increasing haemoglobin, serum ferritin & other haematological parameters in pregnant women with anaemia
- Can replace intramuscular therapy due to injection related side effects.
- Promising therapy for moderate to severely anemic pregnant women.

Indications

- Severe iron Deficiency Anemia
- Chronic Blood Loss
- Hemolytic anemia
- PICA
- Post Malaria

In urineing acidosis...
give the pleasure
of cooling

ALKAZOL

Disodium Hydrogen Citrate 1.38 gm Syrup

- An ideal Co-Rx with antibiotic in UTI
- Fast relief starting from the first dose
- Relieves symptoms by making urine alkaline
- Used in patients to alleviate discomfort from UTI
- Reduces risk of crystalluria & cysteine
- Alters urinary pH
- Increases antibiotic penetration
- Provides alkali media in intestine

In

- ✓ Burning Micturition
- ✓ Urethritis
- ✓ Cystitis
- ✓ Acidosis

Keep Away... Burning Urination

For Speedy Recovery From
Kidney Stone

ALK/
B6

ALKAZOL-B6

Potassium Citrate 1100 mg, Magnesium Citrate 375 mg, Pyridoxine HCL
(Vitamin B6) 20 mg Syrup

Magnesium Citrate

The aim is to increase urinary citrate, citrate binds with urinary calcium & there by prevents the formation of calcium oxalate stones; It Prevents the urine Form becoming too acidic

Potassium Citrate

It attaches to calcum in the Urine, Preventing the formation of mineral crystals

Pyridoxine

Pyridoxine is inversely associated with the risk of oxalate stone recurrence

In

Painful Micturition

Hyperuricemia

Urinary tract Infection

Ultimate Syrup to Control discomfort
While **Urine Infection**

Bring
Mobility

ATJOINT

Diacerein 50 mg + Glucosamine Sulphate 750 mg + MSM 250 mg Tablets

Glucosamine :

- An amino sugar that helps to rebuild cartilage & treat arthritis.
- Protect joints against excessive wear & tear
- Good evidence to support the use of glucosamine sulphate in the treatment of the mild to moderate Knee-osteoarthritis
- Decrease pain, improve functional ability & improve joint mobility

Diacerein :

- Well tolerate with good safety profile in treatment of osteoarthritis.
- Reduces pain stiffness & inflammation of hand & knee joints enhancing physical function.

Methyl Sulfonyl Methane :

- Build protein, connective tissue around joints.

ATJOINT

Collagen Peptide with Rose Hip Extract 10.5 gm + Vitamin C 22 mg + Selenium 25 mcg Sachet

Collagen Peptide

Provides strength to the cartilage and maintains its elastic properties resulting in flexibility of the joints

Selenium

Produces important glycosaminoglycan (GAGs) in the cartilage substance and thus help cartilage regeneration

Vitamin C

A Potent antioxidant, which prevents cartilage degradation, help from collagen fibers and mucopolysaccharides our of glucosamine in the cartilage tissue.

In:

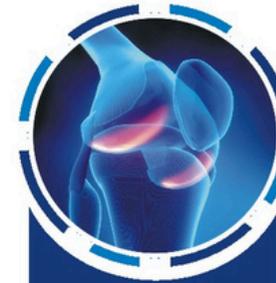

Arthritis

Osteoarthritis

Chronic Inflammation

Sport Injuries

Healthy cartilage, Hence fit joints

The Dependable
Management Of Bones
& Joint Disorders

ATJOINT PLUS

Mucopolysaccharides 220 mg + Bioactive Collagen Peptide Type 140 mg + Sodium Hyaluronate 30 mg + Chondroitin Sulfate Sodium 200 mg + Vitamin C 35 mg + Rosehip Extract 375 mg + Vitamin D3 1000 IU Tablets

Mucopolysaccharide

- Plays a vital role in building & repairing cartilage.
- Supplementation helps in boosting joints health & elasticity.

Collagen Peptide

- Synthesizes new tendon fiber extracellular tissue maintains healthy tendons

Sodium Hyaluronate

- Offers maximum tensile strength.
- Promotes free glide of tendons over the bones while healing

Chondroitin sulfate

- Provides tensile strength & elasticity to the healthy tendons.
- Stabilize tendons by reinforcing collagen-chondroitin links.

Vitamin C

- Helps new blood vessel formation.
- Improves density of the connective tissue & thickness of tendons fibers.

Rosehip Extract

- Protects the cartilage
- Reduce pain & stiffness of bones in Osteoarthritis

Vitamin D3

- Helps the body absorb calcium for building strong bones.
- Helps in formation of strong bones & reduces weakness in muscles, pain in bones & deformities in joints

In:

Achilles Tendinitis

Peroneal Tendinitis

Rotar Cuff Strain

Planter Tendinitis

ATJOINT GOLD

Cissus Qrandangularis Ext. 750 mg + Vitex Negundo Ext. 200 mg + Boswellia Serrata Ext. 200 mg + Withania Somnifera Ext. 100 mg + Curcuma Longa 50 mg Tablets

Cissus Quadrangularis- The Natural bone builder

- Effectively inhibits bone loss
- Accelerates fracture healing
- Helps strengthen the integrity of bones

Withania Somnifera- Promotes bone healing

- Increases the proliferation of osteoblast and speeds up the healing process

Boswellia serrata- A better alternative to NSAIDS

- Inhibits inflammatory cycle
- Different action with least side effects

Vitex Negundo - Analgesic par excellence

- Muscle relaxant analgesic action without sedation
- Reduces inflammation and swelling of joints

- Heals Bones Relieves Pain
- Relieves Pain

In:

- Improves Mobility
- Safe for long term therapy

INFECTIONS

CLINSAK-600

Clindamycin Phosphate 600 mg Injection

- ✓ An excellent drug for skin and soft tissue infections
- ✓ An antibiotic with good gram-positive and anaerobe coverage which is often used in patient with β -lactam allergies.
- ✓ A lincosamide antibiotic with a good penetration into bone and is widely used for treating bone and joint infection by gram-positive pathogens.
- ✓ Represents an important attentive therapy for infections caused by *S. aureus*.

In

- Pneumonia
- Lymphoma
- Lung Abscess
- Endometritis
- Pelvic cellulitis
- Peridontitis
- Septicemia
- Osteomyelitis

DOSAGE

Severe anaerobic infections:
0.6 - 2.7g daily in divided doses,
increased to 4.8g daily in very
severe infections.

Toxic shock syndrome:
900mg every 8 hours.

PID : 900mg every 8 hours.

Get Rid Deep Seated Bacterial Infection

ENZOBACT-1.5 GM

Cefoperazone 1000 mg + Sulbactam 500 mg Injection

CLI
ENZ

- Ensures Fast Recovery
- Effective & safe in patients with moderate & severe RTI
- Highly effective against pseudomonas infections
- Offers 95% clinical efficacy in severe & moderate purulent inflammatory disease
- Drug of choice in the treatment of aerobic & anaerobic bacteria as well as sepsis after surgical operation
- Cefoperazone Sulbactam administered for the 5 days completely recovered the symptoms of gonorrhoea 10th day

IN

- ◆ Severe RTI
- ◆ Inflammatory Disease
- ◆ UTI
- ◆ GI-Infections
- ◆ SSTI

Clinsak-600 Broad coverage with deep penetration

Supreme Power For Sure Success

A fast-acting formula designed to relieve throat, sinus, & bronchial irritation due to COLD

CORIZA

Paracetamol 500 mg + Phenylephrine Hydrochloride 5 mg +
Diphenhydramine Hydrochloride 25 mg + Caffeine (Anhydrous) 30 mg Tablets

- **Paracetamol:**
Reduced fever & pain associated with cough & cold.
- **Phenylephrine hydrochloride :**
A powerful antitussive Treat nasal congestion.
- **Diphenhydramine Hcl :**
Diphenhydramine is an antihistamine used in the treatment of allergies & relieve cold & cough caused by minor throat & airway irritation.
- **Caffeine :**
Relieve drowsiness & Improve alertness.

CORIZA

Paracetamol 250 mg + Phenylephrine Hydrochloride 5 mg + Chlorpheniramine Maleate 2 mg Suspension

HELP THEM ENJOY LIFE

Paracetamol 250 mg- Proven analgesic

*Offer peaceful sleep at night
Superior than codeine formulations*

Phenylephrine HCL 5 mg- Trusted anti-tussive relieves nasal congestion

✦ Provides relief from nasal discomfort caused by colds, allergies & hay fever

Chlorpheniramine Maleate - Quick acting drug

✦ Combat the symptoms associated with allergies
✦ Designed to provide general relief for flu-like symptoms
✦ Clear congestion and stop runny noses in 15-30 minutes

In

- ▲ Cold
- ▲ Allergic cough
- ▲ Dry & irritating cough

Clear Results with safety Promise

Common cold ... most prevalent conditions..¹ of the first symptoms to occur is Nasal congestion... having negative impact on daily life¹

CORIZA

Xylometazoline Hydrochloride 0.1% w/v + Benzalkonium Chloride Solution 0.01% v/v Nasal Drops

- Constricts nasal blood vessels and increases nasal airflow, enabling patients with a blocked nose to breathe more easily.
- Also reduces the production of mucus, helping to relieve a blocked nose
- Intranasal xylometazoline provides fast and effective relief of nasal congestion and is well tolerated¹
- Significantly relieves nasal congestion compared with placebo in the common cold and provided long-lasting relief with just 1 spray, helping patients to breathe more easily for a longer period of time²

In congestion associated with Allergies - Hay fever - Sinus irritation

Dosage: Xylometazoline nasal should not be used more often than two three times day (every 8 to 10 hours).
Do not use Xylometazoline nasal for longer than 3 to 5 days

Breathe Easy with Coriza

C-POXIME-200

Cefpodoxime Proxetil (Dispersible) 200 mg Tablets

C-POXIME-O

Cefpodoxime Proxetil 200 mg + Ofloxacin 200 mg Tablets

- Actively inhibits bacterial cell wall synthesis
- Active against most gram positive and gram negative organisms
- Highly active against enterobacteriaceae and streptococci
- Inhibits staph. Aureous.
- Can be administered to patients who are sensitive to penicillin
- Cefpodoxime has same mechanism of action when compared to other penicillin

In

- ✓ Respiratory tract infections
- ✓ Gynecological infections
- ✓ Pharyngitis & Tonsillitis
- ✓ Typhoid

CEFPODOXIME

- Only oral cephalosporin whose efficacy matches with injectables
- Maintains concentration above MIC throughout 24 hours
- Well tolerated & superior alternative to Cefixime synergistically documenting the extended spectrum of activity
- Excellent efficacy in tonsillopharyngitis

OFLOXACIN

- In typhoid, Fever clearance time of 3-4 days
- Highly successful in respiratory infections
- High bioavailability as compared to ciprofloxacin

Targetted Infections

- ✓ Respiratory infections
- ✓ Urinary infections
- ✓ Skin infections
- ✓ Soft tissue infections.
- ✓ Gonorrhoea

Perfect hit on stubborn diseases

Attack Pathogens with Better Efficacy & Safety

C-POXIME- $\frac{50}{100}$

Cefpodoxime Proxetil 50 mg Dry Syrup

Cefpodoxime Proxetil 100 mg Dry Syrup

CPO

Better Efficacy

- ✓ Covers gram positive & gram negative pathogens.
- ✓ Provides better antimicrobial action than Cefixime against respiratory pathogens.
- ✓ Demonstrates parenteral efficacy in oral form.

Better Safety & Tolerability

- ✓ Well tolerated by patients of all age group.
- ✓ Found to cause minimum adverse events.

Better than Co-amoxiclav'

- ✓ In treatment of Sinusitis Oral Cefpodoxime found to be better compared to Co-amoxiclav.

In

- ✓ Sinusitis
- ✓ Pharyngitis & Tonsillitis
- ✓ Acute Otitis Medis
- ✓ Pneumonia & Bronchitis
- ✓ Skin & Soft Tissue Infections
- ✓ Urinary Tract Infections

Eagerness to Eat never ends...
With Appetite Booster

CYPORICH

Cyproheptadine HCL 2 mg + Tricholine Citrate 275 mg Sorbitol Solution 65% Syrup

A Dependable Appetizer

Cyproheptadine

- ✓ USFDA approved appetite stimulant
- ✓ Promotes weight gain in poor eaters

Tricholine Citrate

- ✓ Improves liver function by lipotropic action
- ✓ Stimulates inestinal & pancreatic enzyme function

Sorbitol

- ✓ Ensures normal functioning of digestion & peristalsis
- ✓ Acts as an osmotic laxative in constipation

Indication

- Anorexia
- Hepato Biliary disorders
- Fatty liver
- Chronic dyspepsia
- Atonic constipation

Strengthens Liver Function ... Evokes Appetite

In Liver dysfunction

LIVERANA-DS

Ayurvedic Liver Tonic

Ideal Supportive & Maintenance Therapy
for Liver dysfunction

Acts as a hepato-protector and rejuvenator

Improves liver detoxification

Improves quality of life during hepatitis C treatment

Improves the energy balance of the diseased liver

Protects liver from alcohol & non-alcohol induced damage

Provides additional nutritional Support for faster recovery

Therapy & More

Assured victory over critical inflammatory conditions ...

Defuze-6

Deflazacort 6 mg Tablets

Stronger immune-suppression than prednisone

Low effect on bone mineral density

Improves osteoporosis due to the calcium sparing properties

Provides advantage in insulin treated diabetic patients who require steroid treatment

Slows the progression of duchenne muscular dystrophy with less increase in weight in comparison to prednisolone²

In Inflammatory conditions like

- ✓ Asthma
- ✓ Chronic arthritis
- ✓ Severe seborrheic dermatitis
- ✓ Duchenne muscular dystrophy
- ✓ Nephrotic syndrome

The Most Trusted Steroid

Take the out of Traumatic inflammatory disorders

PACTRACET

Tramadol HCL 37.5 mg + Paracetamol 325 mg Tablets

Tramadol

- ✓ Offers fast and sustained pain relief with no effects on platelets
- ✓ Lower incidence of dry mouth, constipation and appetite loss

Paracetamol

- ✓ Tried Tested Trusted analgesic
- ✓ Provides synergistic action with tramadol

Advantage of combination

- ✓ Tramadol/paracetamol is a useful treatment option for providing multimodal analgesia in patients with moderate to severe pain¹
- ✓ Provides greater relief of dental pain over an 8-hours period than either agent alone, with a faster onset of action than tramadol alone and a longer duration of action than either agent as monotherapy²
- ✓ Prove useful in treating elderly and other groups of patients who often cannot tolerate non-steroidal anti-inflammatory drugs. including the newer COX-2 inhibitors³

Better Relief From Symptoms Better Quality of Life

ESMOSAK-DSR

Esomeprazole 40 mg + Domperidone 30 mg
(Sustained Release) Capsules

Esomeprazole

- Demonstrates better esophagitis healing rate in patients with GERD than omeprazole'

Domperidone

- Provides an excellent safety profile for long-term administration'
- Has potential to negate dopaminergic effect and thereby prevents subsequent GI symptoms'

ESMOSAK-40

Esomeprazole 40 mg Injection

Esomeprazole

- More effective than omeprazole, lansoprazole and pantoprazole for the rapid relief of heartburn symptoms and acid reflux symptoms in patients with reflux esophagitis

INDICATIONS: GASTROESOPHAGEAL REFLUX DISEASE
NON-EROSIVE REFLUX DISEASE | FUNCTIONAL DYSPEPSIA

For Instant control on Nausea Associated with acidity

ESMOSAK-LS

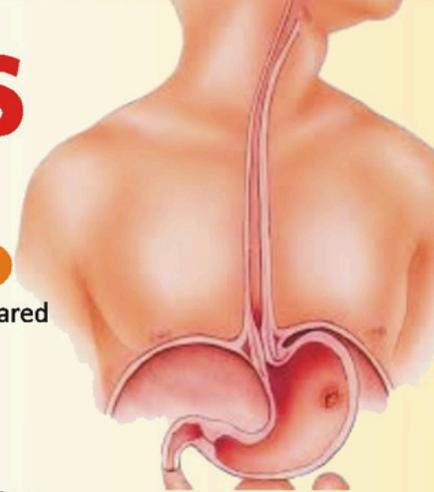

Esomeprazole Magnesium Trihydrate 40 mg
+ Levosulpiride 75 mg Capsules

Esomeprazole Magnesium Trihydrate

- Early response in erosive esophagitis compared to omeprazole.
- Early response in chronic heart burn.

Levosulpiride

- Selective antagonist of dopamine D2 receptors activity both central & peripheral levels.
- Mood elevating properties & relieves GERD

ESM

ESMOSAK-IT

Esomeprazole 40 mg + Itopride Hydrochloride 150 mg Capsules

Esomeprazole

- More effective in maintaining healing of erosive GERD compared with lansoprazole or pantoprazole.

Itopride Hydrochloride

- Increase the release of acetylcholine & prevents its hydrolysis
- A Novel gastroprokinetic agent stimulates post-prandial gastric motility.

Indication :

Dyspepsia

Peptic Ulcer

GERD

Pain & Spasm...

Etoricoxib :

- Relieves pain, swelling, stiffness & other symptoms in inflammation.
- More rapid with good or excellent response within 4 hours of first dose than diclofenac.

Thiocolchicoside :

- Muscle relaxant, anti-inflammatory & analgesic treats painful muscle contractions.
- Produces muscle relaxation without any sedative side-effects.

ETO

PAINFUL MUSCLE SPASM ASSOCIATED WITH

- LOWBACK PAIN
- ANKYLOSING SPONDYLITIS
- DEGENERATIVE VERTEBRAL DISORDERS
- TRAUMATOLOGICAL DISORDERS

MYOMIX

Myo-inositol 600 mg + Metformin Hydrochloride 500 mg Tablets

A First-Line Treatment for PCOS...

Myo-inositol

A dietary supplement that manage PCOS & support fertility

Play a key role in follicular development

Improves menstrual cyclicality

Helpful in regulating homocysteine levels & improves PCOS symptoms

Metformin

Reduces hyperinsulinemia, insulin resistance, hyperandrogenemia, & systolic blood pressure, while facilitating normal menses and pregnancy in polycystic ovary syndrome.

In:

- Appetite Balance
- Oligomenorrhoea
- Pregnancy

FERTIMOR

Inositol, Biotin, L-Arginine, Astaxanthin, Folic Acid, Lycopene, Vitamins & Minerals

Softgel Capsules

Inositol

- Supports proper utilization of the hormone balance, ovarian function and menstrual cycle regularity.
- It helps to promote proper utilization of the hormone insulin
- It acts as natural insulin sensitizer

Vitamins & Minerals

- Vitamin A : It is essential for normal female reproductive function
- Biotin : Biotin deficiency actively decreases fertility and has been linked to fetal malformations
- Vitamin C : Induces ovulation in women, Increase serum progesterone level
- Vitamin D3 : Higher levels linked to better success rate of IVF
- Vitamin E : Protect reproductive cells (follicles)
- Zinc : Can aid in overall fertility and conception, Several enzymes needed to protect a women reproductive organs (such as superoxide dismutase) are dependant on the trace elements zinc, copper and magnesium

Astaxanthin

- Enhances reproductive health
- Reduces oxidative damage

Folic Acid

- Prevents neural tube defects in growing foetus
- Assists in production of red blood cells

Lycopene

- Can reduce the free radical damage & have a beneficial effect on the chances for conception
- Improve hormonal profile

L-arginine

- Improves ovarian response & pregnancy rate in poor responders
- Improves blood circulation to uterus and ovarian response
- Enhances the endometrial receptivity and pregnancy rate
- Libido booster for women

Fertility Support

Hormonal Balance

Egg Health

Regulate Cycle

Aid Ovulation

MYO
FERT

Recovers Good Health with powerful antioxidant

Flacovin

Lycopene 6% USP 1000 mcg + L- Lysine Mono HCL 5 mg +
Methylcobalamin 250 mcg + Multivitamin & Multimineral Syrup

Lycopene

- Stop LDL Cholesterol from being oxidized by free radicals
- Boost sperm concentration in men
- Helps prevent diabetes
- Prevents age-related macular

Fortified with Minerals and Vitamins

- Combat free radicals & Maintains Proper moisture retention
- Improves immunity & wound healing

Flacovin

Methylcobalamin 1500 mcg + Vitamin B1 10 mg + Vitamin B6 3 mg + Niacinamide 48 mg
D-Panthenol 50 mg + Folic Acid 10 mg + Benzyl Alcohol 1.5% v/v Injection

- Promotes myelination of neurons
- Reduces risk of CAD & stroke by reducing hyperhomocysteinemia
- Protects nerve from oxidative damage
- Improves the excitability of nerve fibres & thus improves neuro transmission
- Reduce risk of stroke, IHD & Deep Vein Thrombosis

In

- General weakness
- Convalescence
- Diabetes

Rejuvenate Good Health

Energy for Entire Family

Flacovin Drops

Vitamin A 1000 IU + Vitamin D3 200 IU + Vitamin B1 0.8 mg + Vitamin B2 0.6 mg + Vitamin B6 0.5 mg + Vitamin B12 1 mcg + Vitamin C 25 mg + Vitamin E 2.5 IU + D panthenol 2 mg + Folic Acid 300 mcg + Niacinamide 5 mg + L-Lysine HCl 5 mg + Biotin 10 mcg + Zinc 10 mg Drops

- The B vitamins work together to boost metabolism, enhance the immune system and nervous system.
- Keep the skin and muscles healthy
- Encourage cell growth and division and other benefits to your body.

In

- Loss of appetite
- Common fatigue & Body weakness
- Adjuvant to antibiotic therapy

Gastosak

Simethicone Emulsion 40 mg + Dil Oil 0.005 ml + Fennel Oil 0.0007 ml Drops

- Plays Integral part in management of digestive disorders.
- Relieves bloating, discomfort and pain
- Relieves flatulence and provides relief in upset stomach.
- Carminatives enhance digestion & relieve stomach cramps

In

- Bloating/ Flatulence
- Stomach Colic
- Gastric upset indigestion

Relieves infant colic griping pain & flatulence

FLA
GAS

Lightens excessive sugar for **Optimum Health**

GLISURE - M-1 M-2

Metformin Hydrochloride 500 mg + Glimepiride 1 mg **Tablets**
Metformin Hydrochloride 500 mg + Glimepiride 2 mg **Tablets**

Metformin Hydrochloride

- Is a first-line antihyperglycemic agent commonly prescribed in type 2 diabetes mellitus (T2DM)
- Improve carbohydrate and lipid metabolism and shows a pronounced cardio and neuroprotective effects.

Glimepiride

- Effective, safe and well tolerated as a short term intensive treatment in newly diagnosed type 2 diabetic patients
- A combination of glimepiride with metformin achieves good glycemic control with better tolerability profile.

Indication

type-2 diabetes mellitus

diabetes with or without obesity

Unload
THE LOAD OF DIABETES

A one choice for the **Diabetic Patients**

GLISURE - MV-2 MV-3

Glimepiride 2 mg + Metformin Hydrochloride 500 mg + Voglibose 0.2 mg **Tablets**
Glimepiride 3 mg + Metformin Hydrochloride 500 mg + Voglibose 0.3 mg **Tablets**

Glimepiride

- Stimulates insulin release from the diabetes, increase sensitivity to insulin.
- Effective for the treatment of type 2 diabetes with on going ischemic heart.

Metformin Hydrochloride

- promotes weight loss in patient with obesity with non insulin dependent diabetes mellitus
- Suppresses hepatic gluconeogenesis.

Voglibose

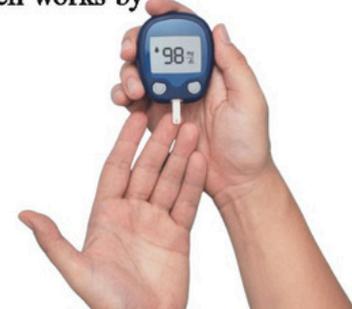

- voglibose block oligosaccharides catabolism, delay or inhibit carbohydrate digestion and absorption.
- voglibose is an a-glucosidase inhibitor which works by preventing the digestion of carbohydrate

Indication

Management of post prandial hyperglycemia in diabetes

Decreasing the progression of development of type 2 diabetes

Fortified way to control **PPHG**

GLIS

An ideal nutrient for the replacement of fluid & electrolytes loss and maintenance of hydration

GLUCORICH GOLD

Dextrose Monohydrate 90 gm + Zinc Sulphate 60 mg + Magnesium Sulphate 10 mg + Manganese 100 mcg + Calcium 85 mg + Phosphorus 50 mg + Vitamin C 100 mg + Vitamin D3 300 I.U. + Vitamin B1 2 mg + Vitamin B2 1.5 mg + Vitamin B6 2 mg + Citric Acid 1 gm + Creatine 1000 mg + Cobalamin 7 mcg Powder (ORANGE/MANGO/LICHI/PINEAPPLE/GUAVA)

Dextrose and Sucrose

- Dextrose readily gets assimilated & emits energy to overcome tiredness
- Sucrose yields one molecule of fructose and glucose

Zinc Sulphate

- A Vital element for nucleic acid synthesis
- For healing wounds and transfer of energy.

Vitamin C

- Helps strengthen body immune system and power to adjust against Stresses & Strains
- Augments antibody formation and improves phagocytosis

Additional Advantage of Calcium, Phosphorus & Vitamin D3

- IN**
- ☑ During 1st trimester of pregnancy
 - ☑ For School goers, athletes, people working under stress & strain.
 - ☑ During diarrhea, dysentery, post malarial & post fever phase, post Operative phase & Convalescence.
 - ☑ When exhausted & tired

ENERGIZE YOU FASTER

When the body is burning in flames of PAIN & INFLAMMATION
In Acute Condition

HIDASE-DP

Diclofenac Potassium 50 mg + Paracetamol 325 mg + Serratiopeptidase 10 mg Tablets

Diclofenac Potassium

- ✓ Ideally suited for patients on sodium free diet.
- ✓ Hypertensive patients & those on diuretic therapy
- ✓ NSAIDs analgesic and anti-pyretic drug
- ✓ Inhibits prostaglandin synthesis

Serratiopeptidase

- ✓ A proteolytic enzyme, anti-inflammatory, anti-edematous & anti-fibrinolytic
- ✓ Hydrolyses bradykinin, histamine & serotonin responsible for edematous status

Paracetamol

- ✓ NSAIDs Centrally acting analgesic and a potent antipyretic

HIDASE-MR

Diclofenac Potassium 50 mg + Paracetamol 325 mg + Chlorzoxazone 250 mg Tablets

Chlorzoxazone

- ✓ A muscle relaxant....works by blocking nerve impulses (or pain sensations) that are sent to brain.
- ✓ Used together with rest & physical therapy to treat skeletal muscle conditions such as pain or injury

In

- Engorgement of breast
- Painful inflammatory conditions
- Postoperative & post-traumatic inflammations
- Muscular-skeletal pain co-existing associated conditions

Triple Action For Fast Result

Overcomes the menace of
**INFLAMMATORY
DISEASE**

HIDASE-PLUS

Acceclofenac 100 mg + Paracetamol 325 mg + Serratiopeptidase 15 mg Tablets

Acceclofenac

Possessed high bio-availability of 100% Exhibits superior GI tolerability compared to diclofenac

Paracetamol

Provide very effective treatment for the relief of pain & fever in adults and children

Serratiopeptidase

Helps in lysis of berries to faster healing-Oedema, hematoma & pus

Also Available

HIDASE

Acceclofenac 100 mg + Paracetamol 325 mg Tablets

CONTROLLING PAIN & INFLAMMATION

Swift & Sustained Relief from GERD Round the clock with dual power of

HIPAN-DSR

Pantoprazole Sodium 40 mg + Domperidone 30 mg (Sustained Release) Capsules

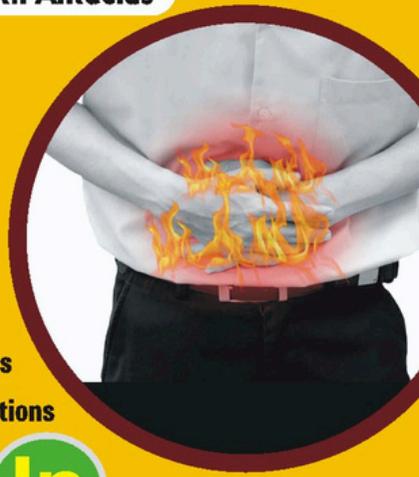

No Interaction with Antacids

PANTOPRAZOLE

- No Interaction with antacids
- Achieves higher in gastric pH
- Protects the gastric mucosa
- Offers enhanced efficacy & safety

DOMPERIDONE

- Increases gastric motility
- Restores LES tone, normalizes peristalsis
- Synchronizes antral & duodenal contractions

In

- > GERD
- > Hyperacidity
- > Esophagitis
- > Peptic Ulcer
- > Zollinger Ellison Syndrome

Also Available

Dual action for round the clock

Opt for the right therapy in various
Acid Peptic Disorders

REZIDOM-SR

Rabeprazole Sodium 20 mg + Domperidone 30 mg (Sustained Release) Capsules

The Rapid Acid Blocker Everyday Every Time

“ A day-and-night PPI as it increases intragastric pH more than pantoprazole, throughout the 24 hours after dosing”

Rabeprazole

- › Provides rapid action due to faster activation in highly acidic environment
- › Offers cytoprotection by augmenting the production of gastric mucus and mucin

Domperidone

- › Proven prokinetic
- › Provides better relief of nausea and vomiting

In

- Heartburn
- Gerd
- Gastritis
- Acid peptic disease
- Dyspepsia
- Non-cardiac chest pain

HIP
REZ

The Rapid Acid Blocker with Domperidone advantage

KALCURE-CT

Calcitriol 0.25 mcg + Calcium Citrate 1000 mg + Magnesium 100 mg + Zinc Sulphate Monohydrate 7.5 mg Tablets

Calcitriol : A pre hormone-maintains the level of calcium & Phosphorous

Calcium Citrate : Superior Absorption does not require gastric environment for absorption

Magnesium : Magnesium plays vital role in calcium & bone metabolism

Zinc Sulphate : Helps in growth preservation of bone tissue

KALCURE-MAX

Calcitriol 0.25 mcg + Calcium Carbonate 500 mg + Methylcobalamin 1500 mcg + Eicosapentaenoic Acid 180 mcg + Docosahexaenoic Acid 120 mg + Folic Acid 400 mcg + Boron 1.5 mg Softgel Capsules

With added benefits of

Methylcobalamin : Converts homocysteine to methionine.

Folic Acid : Stimulates the hematopoietic System.

EPA : Prevents cartilage degradation associated with chronic inflammation in joints.

Boron : Necessary for bone mineralization and matrix formation.

KALCURE-MAX PLUS

Calcitriol 0.25 mcg + Calcium Carbonate 500 mg + Vitamin K2-7 45 mcg + Methylcobalamin 1500 mcg + Zinc Oxide 7.5 mg + Magnesium Oxide 20 mg + L-Methyl Folate 800 mcg Softgel Capsules

With added benefits of

Vitamin K(2-7) : Responsible for carboxylation of osteocalcin proteins, which reduce the fracture rate

L-Methyl Folate : Levels have been found to be inversely associated with depressive symptoms & tumor cells.

Zinc & Magnesium : are specially cofactors in bone formation, maintaining bone density, reducing fractures & transportation of calcium-Potassium ions.

Pick Sun Vitamin for Strong Bones

KALCURE-D3 60k

Vitamin D3 (Cholecalciferol) 60000 IU
Soft gelatin Capsules / Nano Droplet / Sachet

- ◆ 60000IU of Cholecalciferol, monthly or two monthly, results in a significant increase in serum 25 (OH)D levels in Vitamin D deficient persons.
- ◆ Four monthly oral supplementation reduces fractures in men and women aged over 65.
- ◆ Total fracture incidence are reduced by 22% and fractures in major osteoporotic sites (hip, wrist or forearm or vertebrae) by 33%
- ◆ Effective treatment to correct Vitamin D status in patient with Chronic Kidney Disease.

Also Available :

KALCURE-2K

Cholecalciferol 2000IU Softgel capsules

- Nutritional Deficiencies
- Hypocalcaemia due to hypoparathyroidism
- Deficiency due to malabsorption states or Liver diseases

Strong Body

LG-MIN

L-Alanyl-Glutamine Solution 20% w/v Injection

L-Alanyl-Glutamine Solution 20% w/v

- ▶ L-alanyl-l-glutamine can be given to patients who can't eat, to help them get the nutrition they need. It gives the body amino acids to help make protein and keep the body working properly.
- ▶ L-alanyl-l-glutamine infusion can help with digestive health in situations where the body needs more glutamine, like when someone is very sick, injured, or recovering from surgery.
- ▶ The amino acid glutamine in L-alanyl-l-glutamine helps the immune system work better. In some medical situations, this medicine can help boost the immune system in patients who have weak immune systems.
- ▶ A liquid called L-alanyl-l-glutamine can help people get better after being sick, having surgery, or getting medical treatment.

Indications

Used for post surgical wound healing
Help in chemotherapy related neuropathy
Sickle cell anemia

A Versatile **Immunoenhancer**

When most of the antibiotics fail **Rely On..**

POLYSAK-B

Polymyxin B sulphate 5,00,000 units Injection

Polymyxin B sulphate 5,00,000 units

- Poly-B 500000IU Injection belongs to the group of medicines called antibiotics used to treat bacterial infections such as urinary tract infections, meningitis, bloodstream infections, and corneal and subconjunctival eye infections caused by susceptible organisms.
- Poly-B 500000IU Injection contains Polymyxin B, which works by destroying bacterial cell membranes and killing infection-causing bacteria. Thereby, it helps treat bacterial infections.
- It is used to treat severe bacterial infections of the body. It works by killing and stopping the growth of bacteria that cause these problems.

Indications

Urinary Infections

Bloodstream Infections

Meningitis Infections

Corneal and Subconjunctival

In gram negative
Acute Infection

Also Available

Wiflox-OZ

Ofloxacin 200 mg + Ornidazole 500 mg + Lactic Acid Bacillus 120 Million Spores Tablets

The Selected Right Quinolone

- High bioavailability (96%) as compared to ciprofloxacin (70)
- 100% clinical and bacteriological cure rates
- Highly successful in COPD & AECB
- Shows 95-98% efficacy in treating GI & PID
- Superior coverage in wound infections
- Convenience of dosage
- Exhibits broad spectrum anti-bacterial activity covering pathogens like E. coli, salmonella & shigellas
- Achieves 100% clinical & bacteriological cure rates in patients with shigellas
- Rapid clearance of symptoms in vaginal infections
- Superior to Metronidazole & tinidazole
- Perfect care: Least incidences of side effects like nausea & vomiting
- Least metallic taste

Prevents Early Miscarriage Improves Cardio Vascular Health

L-PROMAX

L-Arginine 3 gm + Proanthocyanidin 75 mg + L-Methylfolate 1 mg Sachet

L-Arginine (Precursor of Nitric Oxide [NO])

- Improves Uteroplacental Circulation
- Increases Amniotic Fluid index in Oligohydramnios
- Prevents & Treats Pre-eclampsia
- Promotes Intra-uterine Growth of the Fetus
- Supports Normal Blood Pressure
- Reduces Risk of Blood Clot & Stroke

Proanthocyanidin (A type of Flavonoid & Anti-oxidant)

- Potent antioxidant 50 times more potent than Vitamin E & 20 times more potent than Vitamin C

L-Methylfolate (Contributes to)

- Maternal tissue growth during pregnancy
- Normal amino acid synthesis
- Normal blood formation
- Normal homocysteine metabolism
- Normal psychological function

In

- Pre-eclampsia
- Oligohydramnios
- IUGR
- LPD

Safety Matters

Best combination used in management of UTI's

UROSAK

Potassium Magnesium Citrate 978 mg (19.56% w/w) (Containing Potassium Citrate Anhydrous) 714.9 mg + Magnesium Citrate Anhydrous 283.10 mg + D-Mannose 300 mg + Cranberry Extract 200 mg + Hibiscus Extract 100 mg Sachet

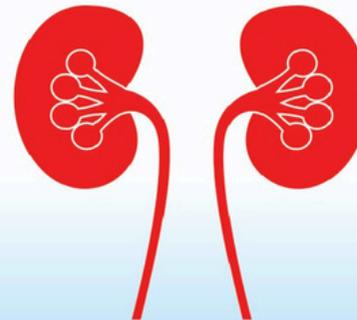

Urosak sachets help to reduce the acidity of urine & helps relieve various symptoms of urinary tract infection like **burning & irritation in the urine.**

D-MANNOSE :

A simple sugar found in cranberries and other fruit, is included in this formula to provide concentrated support. One study examining the effect of d-mannose on epithelial cells that it may play a role in supporting healthy genitourinary function by maintaining a healthy mucosal surface.

CRANBERRY EXTRACT :

is most commonly used for prevention and treatment of urinary tract infections (UTI's). Cranberry juice seems to help prevent UTI's.

Indications :

- ✓ Urinary tract infections
- ✓ Saline laxative
- ✓ Cardiovascular health
- ✓ Muscle functioning

Quicker relief from Urinary Infections

Dryness Can Be Damaging
Corneal epithelial cells

LUCARB

Sodium Carboxymethyl-Cellulose 1%w/v
Stabilized Oxychloro Complex 0.0075% w/v

Eye Drops

- ▶ Enhances spreading and watability
- ▶ Soothes and cools the dry irritated eyes
- ▶ Provides needed moisture to dry ocular surface
- ▶ Lubricates to prevents further irritation and provides comfort
- ▶ Helps keep the eyes clean and fresh

Indication :

ITCHING | BURNING | IRRITATION
EXCESSIVE TEARING | REDNESS
BLURRED VISION THAT IMPROVES WITH BLINKING

MOXISAK

Moxifloxacin 0.5% w/v Eye Drops

Moxifloxacin

- Penetrates in the aqueous humor better than Gatifloxacin
- Inhibits bacterial topoisomerase II (DNA Gyrase) & topoisomerase IV (Inhibition is bactericidal)

LUC
MOX

MOXISAK-KT

Moxifloxacin 0.5% w/v + Ketorolac Tromethamine 0.5% w/v Eye Drops

Moxifloxacin

- Having greater efficacy for both gram+ve & -ve microorganism
- USA FDA approved to treat severe bacterial infections

Ketorolac

- Relieve eye swelling and pain after cataract surgery
- Blocks the hormones that produces inflammation and pain

MOXISAK-PD

Moxifloxacin 0.5% w/v, Prednisolone Acetate 1% w/v, Eye Drops
Benzalkonium Chloride 0.02% w/v

Moxifloxacin

- Synthetic Broad-spectrum antibacterial agent of 4th Generation Fluoroquinolone.

Prednisolone

- Synthetic corticosteroid with glucocorticoid effect
- Effective immunosuppressant
- Provides anti-inflammatory and anti-allergic action

Benzalkonium

- Benzalkonium is a quaternary ammonium compound that acts as a detergent to kill bacteria, fungi, and acanthamoeba.

In:

Blepharitis

Bacterial Keratitis

Post-surgical inflammation

Bacterial Conjunctivitis

Convenient way to strike **FUNGAL INFECTION**

LULISAK

Luliconazole 1% Cream

- Well tolerated
- Potent antifungal drug for dermatomycosis fungi
- Broad spectrum antifungal protecton
- Luliconazole has a favorable safety profile
- Antifungal effect persist for longer time

In

- | | |
|--------------------|-----------------------|
| • Fungal Infection | • Onychomycosis |

LULISAK

LULI

Luliconazole 1% Lotion

- ▶ Luliconazole is an imidazole anti-fungal Agent.
- ▶ Has more potent aniti-fungal activity than sertaconazole and Itraconazole.
- ▶ Approved by USFDA for the treatment of Tinea pedis, Tinea curis and Tinea corporis
- ▶ Luliconazole has many time lower MIC than terbinafine

- ✓ *Epidermophyton floccosum*
- ✓ *Tinea corporis*
- ✓ *Trichophyton Rubrum*

Deadly weapon to treat **FUNGAL** Infection

PYLOSAK-KIT

Clarithromycin 500 mg + Esomeprazole 40 mg, + Amoxicillin 750 mg **Tablets**

Esomeprazole

- Esomeprazole is a proton pump inhibitor.
- Fast onset of action gives fast relief.

Amoxicillin

- Amoxicillin is a penicillin antibiotic that fights bacteria.
- Used in combination with other medications to eliminate H. Pylori, a bacteria that causes ulcers.

Clarithromycin

- It is a macrolide antibiotic used for the treatment of a wide variety of bacterial infections.

INDICATION :

Acid Peptic Disorders

Heartburn

Peptic Ulcer

Reflux Esophagitis

MEBESAK-C

Mebeverine 135 mg + Chlordiazepoxide 5 mg **Tablets**

Mebeverine

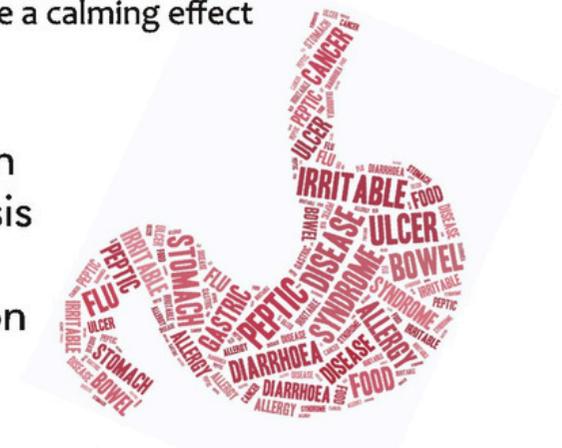

- Has a direct relaxant effect on smooth muscle.
- It inhibits gastrointestinal propulsive motility and gastric acid secretion

Chlordiazepoxide

- Chlordiazepoxide is a versatile therapeutic agent of proven value for the relief of anxiety and tension
- A benzodiazepine which act on the brain and nerves (CNS) to produce a calming effect

INDICATION :

- Colicky Pain
- Diverticulosis
- Ulcers
- Constipation
- Diarrhoea

Treats IBS, Relieves Anxiety

Monita-LC

Levocetirizine Dihydrochloride 5 mg +
Montelukast Sodium 10 mg

Tablets

Provides power
against **Allergic Disturbances**

Levocetirizine

- Possesses anti-inflammatory effect.
- Possesses decongestant effects by decreasing the reversibility of nasal airflow.

Montelukast

- Reduces number of activated eosinophils & mast cells responsible for contraction of bronchial.
- Greater protection against exercise-induced bronchoconstriction.

Allergic Rhinitis

Asthma

Chronic idiopathic Urticaria

Seasonal & Perennial AI

Monita-FX

Montelukast 10 mg + Fexofenadine HCl 120 mg Tablets

Montelukast

- An orally active, potent, selective leukotriene receptor antagonist. Helps in management of asthma/seasonal allergies.

Fexofenadine

- Fexofenadine is effective in reducing the total symptom score of allergic rhinitis including blocked nose & is considered safe for pediatric patients as young as 6 year of age.

Seasonal allergic rhinitis

Perennial allergic rhinitis

Rhinitis associated with asthma

Pruritus

Monita-BL

Bilastine 20 mg + Montelukast 10 mg

Tablet

A NEXT GENERATION NONSEDATING H1 ANTIHISTAMINE

BILASTINE :

- A new second-generation antihistamine better than other second generation H1-antihistamine
- Better tolerability compared to Desloratadine & Cetizine
- Extremely safe regarding CNS effects

MONTELUKAST :

- Inhibits Leukotrienes and H1 Receptors
- Reduces Bronchoconstriction and airway obstruction

COMBINATION ADVANTAGE :

In

Seasonal/ Perennial Allergic Rhinitis

Chronic Urticaria

Mild to Moderate Asthma

A CONCOMITANT THERAPY FOR ALLERGIC CONDITIONS

MON
LC/BL

Give more space for fresh breathing

Sakof

Dextromethorphan Hydrobromide 10 mg + Phenylephrine Hydrochloride 5 mg + Chlorpheniramine Maleate 2 mg. Oral Syrup

Dextromethorphan

- ❖ A cough suppressant
- ❖ Treats acute non productive cough as well as irritating cough

Phenylephrine

- ❖ Relieves nasal stiffness
- ❖ Improves drainage and ventilation

Indication

Cough associated allergy, Sinusitis, Nasal stiffness

Chlorpheniramine Maleate

- ❖ Highly potent long-acting peripheral H1 receptor antagonist.
- ❖ Acts both on early and late allergic response.
- ❖ Reduces severity of nasal congestion and maintains nasal airflow.

Let air fly freely on airway with...

Sakof-EX

Terbutaline Sulphate 1.5 mg + Ambroxol HCl 15 mg + Guaiphenesin 50 mg Expectorant Syrup

- ✓ Reduces suffocating condition by clearing viscous and excess mucous
- ✓ Display mucokinetic and mucolytic effect of ambroxol
- ✓ Helps expel the cough with Guaiphenesin
- ✓ Helps experiencing a sigh of relief by relieving irritation of throat with menthol

- ✓ Bronchial asthma ✓ As adjunctive treatment with antibiotics RTIs
- ✓ Bronchitis ✓ COPD ✓ Pneumonia

Sakof Cool Way... Cold Away

Sakof-LS

Levosulbutamol Sulphate 1 mg + Ambroxol HCl 30 mg + Guaiphenesin 50 mg Syrup

Levosulbutamol : Rapid Action Bronchodilator

Ambroxol : Time tested muclytic agent, breaks mucus, ensures expulsion

Guaiphenesin : Excellent expectorant action, Soothes inflamed throat

The Powerful mucolytic with hepaticdunction cleanser..

In:

Chronic Emphysema

Acute Bronchitis

Pneumonia

Tuberculosis

PCOS

Nactine

Acetylcysteine 600 mg Tablets

SAK
NAC

- Facilitates removal of mucus by the mucociliary action & expectoration.
- Produces a mucolytic activity to lower the viscosity of mucous.
- Microbiological use reduces thickness of mucus layer & increase permeability of antibiotics in respiratory & gastro intestinal infections
- Acetylcysteine acts to maintain or replenish depleted glutathione reserves in liver therefore called as specific antioxidant

Nactine-AB

Acebrophylline 100 mg + N-Acetylcysteine 600 mg Tablets

Acetylcysteine

- Airway mucus regulator with anti-inflammatory action
- Reduce viscosity of mucus & improve ciliary clearance
- Reduces need for beta 2-agonists & improves indexes of ventilator function

Non-Acetylcysteine

- Produces a mucolytic activity to lower the viscosity of mucus.
- facilitated removal of mucus by the mucociliary action & expectation

Enjoy
Mucus free
life...

Nerwita G

Gabapentin 300 mg + Methylcobalamin 500 mcg **Tablets**

Regenerates Nerves...
Rejuvenate health

Methylcobalamin :

- Methylcobalamin is active form of Vitamin B12
- Increases myeline sheath formation and regenerates neurons.
- Neuroprotective & Neuropromotive effects.

Gabapentin :

- Gabapentin is used primarily to treat seizures & neuropathic pain.
- Protects, Repair & Regenerates nerves.

Nerwita GN 400

Gabapentin 400 mg + Nortriptyline 10 mg

Nortriptyline :

- Second generation tricyclic anti depressant.
- Intolerable side effect more frequent with arntriptylin.
- Improvements in insomnia, anxiety, depression.

In:

DIABETIC NEUTOPATHY

POSTHERPETIC NEURALAGIA

DRUG INDUCED NEUROPATHY

Nerwita-PG

Pregabalin 75mg + Methylcobalamin 1500 mcg

Tablets

Pregabalin :

- FDA approved for postherpetic neuralgia.

Methylcobalamin :

- Activates nucleic acid & protein synthesis in the nerves.

Nerwita-NT

Pregabalin 75 mg + Nortriptyline Hydrochloride 10 mg **Tablets**

Pregabalin :

- More potent anti convulsant drugs.

Nortriptyline :

- Increase levels of serotonin & norepinephrine.

Nerwita-NT+

Pregabalin 75 mg + Nortriptyline Hydrochloride 10 mg + Methylcobalamin 1500 mcg **Tablets**

Pregabalin :

- FDA approved for postherpetic neuralgia.

Nortriptyline :

- Selective serotonin reuptake inhibitors.

Methylcobalamin :

- Activates nucleic acid & protein synthesis in the nerves.

INDICATION :

- Epilepsy
- Fibromyalcia
- Diabetic Neuropathy
- Generalized Anxiety Disorder
- Peripheral & Central Neuropathy Pain
- Adjunctive Therapy for Local Seizures

Effective
Neuropathic therapy
to treat **Burning Sensation...**

...A Restored Architecture
In Diabetic Peripheral Neuropathy, Regenerate Neurons & Myelin Sheath

NERWITA-PLUS

Methylcobalamin 1500 mg + Folic Acid 1.5 mg
+ Vitamin B1 10 mg + Vitamin B6 3 mg + Alpha Lipoic Acid 100 mg Capsules

The Restoring Architect

Methylcobalamin

- Biologically active form of Vitamin B12
- Enhance nerve regeneration
- Accelerate myelin sheath formation
- Improves bioavailability of ALA

Folic Acid

- A potent erythropoietin factor
- Prevents NTD (neural tube defect)

Vitamin B1

- Aids in energy production
- Improves memory
- Prevents cataracts.

In

- ✓ Diabetic Neuropathy
- ✓ Peripheral Neuropathy

Vitamin B6

- Makes neurotransmitters
- Controls Blood level of homocysteine

Alpha Lipoic Acid

- The universal antioxidants.
- Improves nerve blood flow.
- Improves nerve conduction velocity.
- Decrease lancinating, burning numbness, pricking sensation

Restore - Regenerates - Rejuvenates

Besides adding Muscles & Bulk
...Growth means A Lot Of Energy & Health Too

NERWITA-FORTE

Methylcobalamin 1500 mcg + Alpha Lipoic Acid 100 mg + Benfotiamine 100 mg + Inositol 100 mg
+ Pyridoxal 5 Phosphate 3 mg + L-Methyl Folate 500 mcg +
Chromium Picolinate 200 mcg + Vitamin D3 2000 I.U. Softgel Capsules

Methylcobalamin

- ⇒ A powerful neuron rejuvenator
- ⇒ Improves sensory & motor nerve conduction

Alpha Lipoic Acid

- ⇒ Seems to work as an antioxidant, which means that it might provide protection to the brain under conditions of damage or injury.

Benfotiamine

- ⇒ It is also used for alzheimer disease, arthritis, and other conditions.

Inositol

- ⇒ Panic disorder, high cholesterol, insomnia, cancer, depression, schizophrenia, alzheimer's disease, attention deficit-hyperactivity disorder (ADHD),

Pyridoxal 5 Phosphate

- ⇒ It is involved in protein, fat, carbohydrate metabolism and the formation of red blood cells and neurotransmitters

L-Methyl Folate

- ⇒ It crosses the blood-brain barrier and is thought to help enhance production of the neurotransmitters required by many patients to help achieve and maintain the benefits of antidepressants.

Chromium Picolinate

- ⇒ Effective at improving the body's response to insulin or lowering blood sugar in those with diabetes.

Vitamin D3

- ⇒ Most commonly used as a dietary supplement of vitamin D. It aids in the absorption of calcium and helpful in the prevention of osteoporosis and osteomalacia.

NER-
FORT

- ▶ Iron deficiency anemia
- ▶ Weakness
- ▶ Chronic medical diseases
- ▶ Neuropathy
- ▶ Mental confusion
- ▶ Stress
- ▶ Convalescence
- ▶ Old age patients

A Supplement that Outshines the Health

Nerwita-369

Flaxseed Oil 500 mg, Omega 3, (Alpha Linolenic Acid) 275 mg,
Omega 6 (Linoleic Acid) 75 mg, Omega 9 (Oleic Acid) 100 mg **Softgel Capsules**

Flaxseed Oil & Omega 3-6-9

- ☑ Important for brain development
- ☑ Overall brain function
- ☑ Immune function
- ☑ Cardiovascular health as well as being a membrane component in all your cells.
- ☑ Maintaining healthy hair, skin and nails.
- ☑ Important carriers of fat soluble vitamins A, D, E and K.

In

Myocardial Infraction (MI)

Inflammatory Conditions

Antidiuretic Hormone (ADH)

Stave Off Dementia

Autism Spectrum Disorders

Nerwita-Gold

Omega 3 Fatty Acids (Eicosapentaenoic Acid 90 mg + Docosahexaenoic 60 mg) + Lycopene 10% 2000 mcg + lutein 8% 1000 mcg + Green Tea Extract 25 mg + Grape Seed Extract 250 mg + Ginseng Extract 25 mg + Ginkgo Biloba 250 mg + Betacarotene 30% 2500 mcg + Vitamin B1 1.2 mg + Vitamin B2 1.3 mg + Niacinamide 7 mg + Calcium Pantothenate 5 mg + Vitamin B6 1.5 mg + Biotin 10 mcg + Folic Acid 300 mcg + Cyanocobalamin 5 mcg + Vitamin C 25 mg + Vitamin D3 200 I.U. + Tocopherols 15 I.U. + Vitamin K 20 mcg + Calcium (As Dibasic Calcium Phosphate) 15 mg + Phosphorus (As Dibasic Calcium Phosphate) 11 mg + Zinc Sulphate 5 mg + Magnesium Sulphate 2 mg + Potassium Sulphate 2 mg **Softgel Capsules**

**Stressful conditions lead to generation of free radicals
...resulting into many lifestyle diseases**

Imparts Vitality to Health

Ginseng

- ↳ Improves concentration, learning and memory
- ↳ Increases both physical & mental efficiency

Ginkgo Biloba

- ↳ Enhances cognitive function
- ↳ Helps vision & may slow macular degeneration

Green Tea Extract

- ↳ Protects body against CVD risk by lowering TC & increasing HDL

Grape Seed Extract

- ↳ Potent antioxidant, Stronger than Vitamin C and Vitamin E
- ↳ Promotes skin enzyme activity

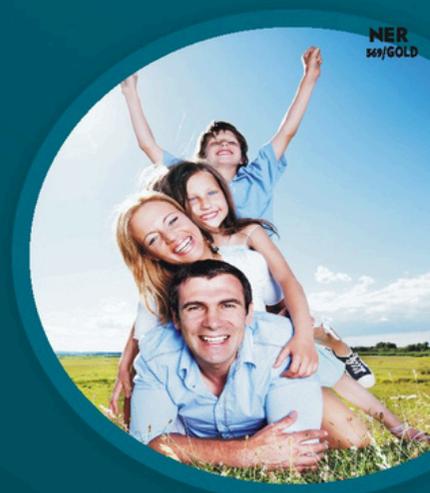

Lycopene

- ↳ Lowers LDL cholesterol & protects from free radical damage

Omega Fatty Acids

- ↳ Helps cardiovascular health
- ↳ Regulates cholesterol & BP
- ↳ Strongly supports the strengthening of immune system

Winning & Staying Fit

Uncommon Solution for Common Problem

NERWITA-MAX

Omega 3 Fatty Acid 300 mg + Co Enzyme Q10 10% 100 mg + Green Tea Extract 25 mg + Ginkgo Biloba 25 mg + Grape Seed Extract 25 mg + Ginseng Extract Powder 25 mg + Vitamin C 25 mg + Nicotinamide 15 mg + Vitamin E Acetate 15 IU + Calcium Phos. (Anhydrous) 15 mg + Eq. Phosphorous 11 mg + L-Arginine 10 mg + Wheat Germ Oil 5 mg + Citrus Bioflavonoids 40% 5 mg + L-Carnitine L-Tartrate 5 mg + Pink Bark Extract 5 mg + Bilberry Extract 7% 5 mg + Calcium Pentothamate 5 mg + Zinc Sulphate 5 mg + Beta-carotene 30% 2500 mcg + Lycopene 10% 2000 mcg + Manganese Oxide 2 mg + Copper Sulphate 1 mg + Potassium Sulphate 2 mg + Vitamin B1 1.2 mg + Vitamin B2 1.3 mg + Vitamin B6 1.7 mg + Lutein 8% 1000 mcg + Folic Acid 200 mcg + Sodium Selenate 100 mcg + Chromium Picolinate 200 mcg + Potassium Iodide 50 mcg + Vitamin K 20 mcg + Biotin 10 mcg + Vitamin D3 200 IU + Cyanocobalamin 1 mcg Softgel Capsules

Omega 3 Fatty Acids

- > Lower triglyceride levels by 20% to 50%
- > Reduces the cholesterol level

Grape Seed Extract

- > Provides antioxidant properties
- > Helps increasing HDL & reduces LDL levels

Ginkgo Biloba

- > Provides optimum blood flow to brain to deliver O2, fuel & nutrients.
- > Used as a memory & concentration enhancer and anti-vertigo agent

Green Tea Extract

- > Protects against cancer
- > Reduces risk of heart disease & helps in normalize cholesterol & BP

Ginseng

- > A revitalizing herb that supports both mental & physical performance

Vitamins & Minerals

- > Promotes proper nerve function & helps to form RBCs
- > Play a crucial role in the energy production

Lycopene & Lutein:

- > A proven antioxidant lowers the LDL cholesterol

A safe yet simple therapeutic choice

NERWITA-Q10

Ubidecarenone (Co-Enzyme Q10) 100 mg + L-Carnitine 50 mg + L-Arginine 100 mg + Lycopene 6% 4000 mcg + Selenium Di Oxide 100 mcg + Omega 3 Fatty Acid 150 mg + Methylcobalamin 1500 mcg Softgel Capsules

Co-Enzymes Q10,

- ⊙ CoQ10 is supportive in the energy production of the heart during strain therapy. It is also important in enhancing the immune system. CoQ10 is helpful to maintain vitality and vigour; to attain a youthful appearance

Tocotrienols

- ⊙ Superior Antioxidant
- ⊙ Regulate Aberrant Cell (e.g. Cancer)
- ⊙ More Efficient Scavenger of Peroxyl Radicals (Preventing the propagation of free radicals in tissues)
- ⊙ Tocotrienols absorb better in the body than tocopherols

Lycopene

- ⊙ Lycopene is the most potent carotenoid antioxidant with anti-carcinogenic & anti-atherogenic activities.
- ⊙ Lycopene reduces incidence related to prostate, digestive tract, lungs, cervical, cancer & cardiovascular diseases.
- ⊙ Lycopene inhibit the oxidation of low-density lipoprotein.

Methylcobalamin

- ⊙ Biologically active form of Vitamin B12
- ⊙ Enhances nerve regeneration
- ⊙ Accelerate myelin sheath formation
- ⊙ Improves bioavailability of ALA

Fights oxidative stress

Strengthens the heart

Gives energy every cell of the body

Retards the ageing process resulting to younger beautiful skin

Naturally sourced and not synthetic

Support the heart and cardiovascular system

Stop LDL Cholesterol from being oxidized by free radicals

Helps in regeneration of nerves

A powerful antioxidant

Prevents age-related macular degeneration & cataracts

Helps rejuvenate our aging brains

Indications:

- Heart disease
- Cardiomyopathy
- Lupus and chron's disease
- Cancer patients
- Osteoarthritis
- Chronic fatigue/ Fibromyalgia
- Multiple sclerosis
- Rheumatoid arthritis

NERWITA-MAX PLUS

The Comprehensive formula that offers Maximum

A safe yet simple therapeutic choice

Helps Enhance Energy, Vitality & Endurance

NERWITA-LC

L-Carnitine 500 mg + L-Arginine 100 mg + Vitamin-E 100 mg + Cyanocobalamin 750 mcg Tablets

L-Arginine

It increases the action of nitric oxide & in turn relax muscles surrounding blood vessels, Hence it helps in patients for effective dysfunction.

L-Carnitine

Helps the body to produce energy. It is important for heart and brain function, muscle movement and many other body process.

Vitamin E

Prevents free radical damage, radiation from sun, relieves nocturnal cramps, helps maintain a healthy heart, lipids & delays ageing process.

Cyanocobalamin

- New form of Vitamin B12, required against neurological diseases and ageing.
- Necessary to correct neurological defects and protect against aging.

In

NERWITA-LC+

L-carnitine Tartrate 500 mg + Magnesium Bisglycinate 350 mg + Tocotrienol 10 mg + L-Methyl Folate 220 mcg + Biotin 30 mcg + Multivitamin Tablets

- Increase fatty oxidation and reduces purine catabolism and free formation, which may prevent exercise fatigue, muscle weakness, chemotherapy-induced peripheral neuropathy and hyperlipoproteinaemia.
- Prevents birth defects and is beneficial in the treatment of mental retardation.
- Enhances the carbohydrate metabolism in the body, increasing the energy production.
- Supports central nervous system, maintain healthy skin
- Protects against damaging effects of free radicals and other carcinogenic factors.

Adding Vigour & Vitality to active life.

NERWITA-X

Ayurvedic Capsules

Physical and Mental Stress, depression, lack of exercise, prolonged use of various medications, chronic diseases, heavy smoking, chronic alcoholism, tobacco consumption etc. can lead to decreased sexual desire and reduction in vitality. **Nervita-X** helps in recovering from such Physical & Mental Stress

- Helps to remove weakness and fatigue by boosting immune system.
- It is safe and effective ayurvedic immune booster
- Helps to rejuvenate the body cells and improve normal body function.

Composition :

Each hard gelatin capsules Contains :

| | | |
|---------------|-------------------------|--------|
| Kaunch Beej | Mucuna Pruriens | 100 mg |
| Ashwagandha | Withania Somnifera | 100 mg |
| Goksuru Fruit | Tribulus Terrestris | 50 mg |
| Saffron | Ceocus Atius | 50 mg |
| Vidarikand | Pueraria Tuberosa | 80 mg |
| Kali Musli | Curculigo Orchiloides | 40 mg |
| Mulethi | Glycyrrhiza Glabra | 40 mg |
| Giloy Satwa | Tinospora Crodifolia | 30 mg |
| Jaiphal | Myristica Fragrance | 20mg |
| Lavang | Caryophyllus Aromaticus | 15 mg |
| Shilajit | Asphaltm (Purified) | 25 mg |
| Salam Punja | Orchis Latifalla | 50 mg |

Benefits:

- | | |
|---------------|--------------------------|
| ◆ Fatigue | ◆ Diabetic Complications |
| ◆ Stress | ◆ Dhatu Rog |
| ◆ Impotency | ◆ Urine Disorders |

NITROSAK-100 SR

Nitrofurantoin 100 mg

Tablets

A Trustworthy UTI Antibiotic That will Keep Kidney Happy

Nitrofurantoin:

- It does not predispose to resistance.
- Nitrofurantoin remains a reliable first-line agent for the empirical treatment of acute uncomplicated cystitis.
- Nitrofurantoin is also active against most strains of multi drug-resistant gram-negative bacilli, including most extended spectrum beta lactamase producing strains.
- Nitrofurantoin is also active against vancomycin-sensitive enterococci and vancomycin resistant enterococci

Indication

Urinary Tract Infection

Spyelonephritis

Prostatitis

Intra-abdominal Abscess

Effective & timely
Relief from Pain....

PACTRASPAS

Dicyclomine Hydrochloride 10 mg + Tramadol Hydrochloride 50 mg
Acetaminophen 325 mg **Capsules**

Dicyclomine

- An anti-cholinergic that relaxes stomach and gut muscles, relieving pain, cramps, bloating, and discomfort.

Tramadol

- An opioid analgesic that blocks pain signals to the brain, reducing pain perception.

Acetaminophen

- An analgesic and antipyretic that reduces pain and fever by blocking the release of certain chemical messengers.

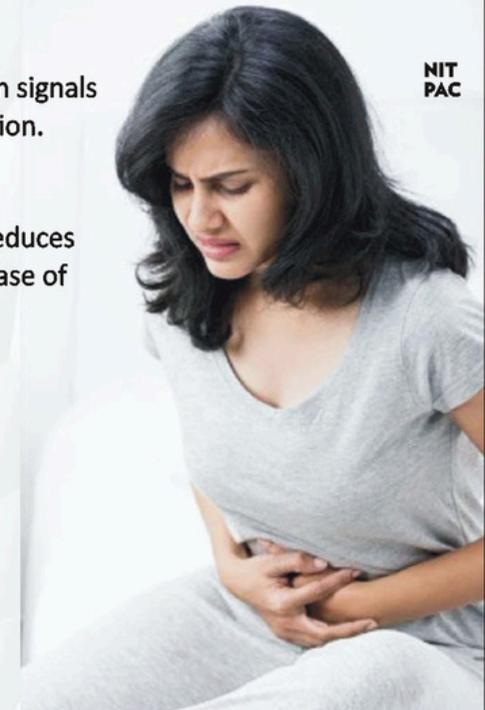

Indication

Painful menstruation

Intestinal inflammation

Spasm

Painful gastrointestinal

The Dependable Treatment
with, *High Efficacy & safety*

**A Non-aminoglycoside
Semi-Synthetic
Site specific Antibiotic**

- Reduces the development of drug-resistant bacteria.
- Maintains the effectiveness of antibacterial action at infected site.
- Treats or prevents infections that are proven or strongly suspected to be caused by susceptible bacteria in Travelers' Diarrhea & irritable bowel syndrome.
- Effectively used for treatment of travelers' diarrhea caused by noninvasive strains of Escherichia coli in adults and pediatric patients 12 year of age and older.
- Used for reduction in risk of over hepatic encephalopathy (HE) recurrence in adults.
- Ensures effective relief in the treatment of irritable bowel syndrome with diarrhea (IBS-D) in adults

Indications :

Traveler's Diarrhoe | Hepatic Encephalopathy | Irritable Bowel Syndrome

In Management of Diarrhoea & Irritable Bowel Syndrome

PRUSAK-2 MG

Prucalopride 2 mg Tablets

**A Gastrointestinal Prokinetic
Agent Par Excellence**

Stimulates colenic peristalsis, Which
increase bowel motility

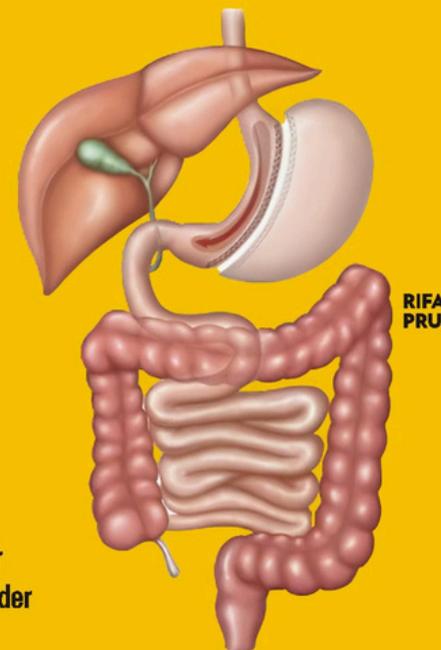

Accelerates gastric emptying and small
bowel transit Well tolerated and devoid of
serious cardiac events.

New therapeutic alternative wheres
conventional Laxative fails to respond

Useful not only in patients with constipation
but also in patients with an associated upper
or gernalized gastrointestinal motility disorder

Indications :

Chronic Constipation | Chronic Idiopathic Constipation
Irritable bowel syndrome | Dyspepsia | GERD

- ❑ Improves illness recovery phase

PROPRIETARY FOOD-DIETARY SUPPLEMENT

Ingredients : Whey Protein Concentrate, Maltodextrin, Cocoa Solids, Vitamins*, Minerals*, Added Artificial Chocolate Flavour, Permitted Class II Preservatives (INS 200, 211, 216, 218), Permitted Anticaking Agent (INS 551), Added Artificial Sweetener Saccharose (INS 955)

Vitamins : Ascorbic Acid, Nicotinamide, Retinol Acetate, Calcium Pantothenate, Riboflavin, Thiamine, Pyridoxine, Folic Acid, Cholecalciferol, Cyanocobalamin.

Minerals : Dibasic Calcium Phosphate, Sodium Chloride, Potassium Chloride, Ferrrous Gluconate, Zinc Sulphate Monohydrate, Copper Sulphate, Potassium Iodide, Sodium Selenate, Chromium Chloride, Manganese Sulphate.

Strong Supplement for Strong People

RUBENAC-GEL

Diclofenac Diethylamine 1.16% + Linseed Oil 3.0%
Methyl Salicylate 10.0% + Menthol 5.0% + Benzyl Alcohol 1.0% GEL

Relieves Pain Ensures free joint movement

Diclofenac Diethylamine

- ✓ The potent analgesic

Linseed Oil

- ✓ Acts as local anesthetic
- ✓ For relieving pain of arthritic inflammation

Methyl Salicylate

- ✓ The Rubefacient
- ✓ Diverts the pain sensation

Menthol

- ✓ Provides the soothing effect on skin

RUBENAC Plus GEL

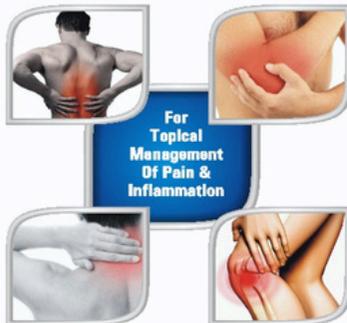

Diclofenac 1% w/w, Thiocolchicoside 0.125% w/w, Linseed Oil 3% w/w, Methyl Salicylate 10% w/w, Menthol 5% w/w & Benzyl Alcohol 1% w/w Gel

Thiocolchicoside

- ✓ Thiocolchicoside is a muscle relaxant with anti-inflammatory & analgesic effect.

In

- ✓ Low Back Pain
- ✓ Sport Injuries
- ✓ Sprain and Strain

The Direct Route to Pain Relief

RUBENAC OIL

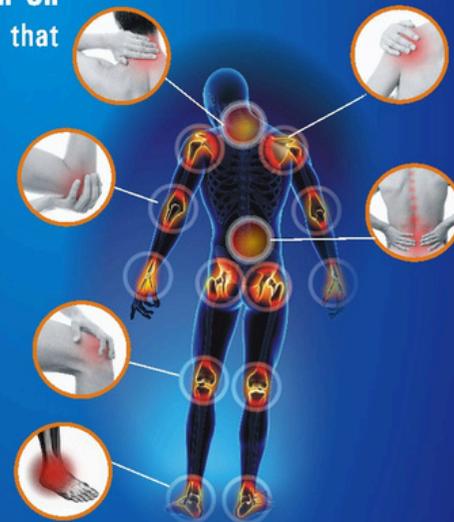

Gandapura Oil gauthria fragrantissima 10%, Nilgiri Oil eucalyptus globulus 5%, Turpentine Oil pinus longifolia 3%, Mahanarayan Oil 8%, Lemmon Grass Oil cymbogon citrus 3.00%, Pine Oil pinus sylvestris 8.00%, Pudina Oil mentha piperita 5.00%, Nirgundi vitex nergu 2.00%, Kapoor Oil cinnamomum camphora 3.00%, Jyotishmati Oil celestrus 3.00%, Laveng Oil syzygium zromaticum 3.00%, Dalchini Oil cinnamomum verum 3.00%, Castor Oil ricinus communis 10.00 Pain oil

Provides Round the clock relief in Joints Pain and Inflammation

Rubenac Pain Oil is 100% natural & it provides relief from Arthritis. Rubenac Oil is a combination of ayurvedic ingredients like (Vishgarbha Oil, Mahamass Oil, Nilgiri Oil, Sat Pudina, Sat Ajwani & Desi Kapoor). It is an all natural anti-inflammatory. Since arthritis is associated with inflammation, topically applying Rubenac Pain Oil can help in the reduction of that inflammation.

Indications :

- Rheumatoid Arthritis
- Joints Pain
- Lumber Spondylitis
- Gout & Effective relief in all kind of body pains.
- Stiffness
- Knee Pain
- Shoulder Sprains

RUB
GEL/OIL

Brings back the normal mobility of the joints.

In the management of **Hypertension** & **Cardiac** arrest reduction

TELMIX-AM

Telmisartan 40 mg + Amlodipine Besylate 5 mg **Tablets**

Telmisartan

- » Its shows equal benefits in composite endpoint of CV death, MI, Stroke, CHF hospitalization & organ protection
- » It has lower rates of cough & angioedema, hence lesser side effects & better tolerated than ramipril

Amlodipine Besylate

- » Gradual onset of therapeutic action
- » NO Fluctuations in B.P.
- » Control during vulnerable morning hours
- » Spares sudden cardiac episode or myocardial ischaemia

Indications

Hypertension
Angina Pectoris
Myocardial Infarction
Coronary Heart Disease

TELMIX-40

Telmisartan 40 mg **Tablets**

The smart choice in the management of
Hypertension & **Cardiac Arrest** reduction

When **Hypertension** becomes difficult to control

TELMIX-CT

Telmisartan 40 mg + Chlorthalidone 12.5 mg **Tablets**

Telmisartan

- » It has lower rates of cough & angioedema, hence lesser side effects & better tolerated than ramipril
- » Its shows equal benefits in composite endpoint of CV death, MI, Stroke, CHF hospitalization & organ protection

Chlorthalidone

- » Diuretic that helps body to get rid of extra salt and water.
- » Adjunctive therapy in edema associated with congestive heart failure, hepatic cirrhosis, and corticosteroid and estrogen therapy.

Indications

Angina Pectoris

Hypertension

Coronary Heart Disease

Myocardial Infarction

TEL
AM/CT

Offers **Steady Control**
over hypertension

Rapid Pain Relief

TOLISAK-150

Tolperisone Hydrochloride 150 mg Tablets

Tolperisone Hydrochloride

- Safe, effective & non-sedative alternative in management of acute Painful spasm conditions associated with degenerative or inflammatory diseases of the musculoskeletal system.
- Tolperisone exhibited excellent tolerability in patients with spastic hypertonia following cerebral stroke
- A significant reduction in the perceived intensity of jaw-muscle pain was observed with tolperisone when compared with pridinol mesilate and placebo.

In:

| |
|------------------------------------|
| Low Back Pain |
| Post-cerebral Stroke Spasticity |
| Neuropathic Diabetic Food Syndrome |
| Spinal Pain |
| Pain Reflex Spasm |
| Neurolathyrism |

Also Available :

TOLISAK-450 SR

Tolperisone Hydrochloride 450 mg (Sustained Release) Tablets

Replace the painful restrictions for joyful movements

TOLISAK-D

Tolperisone Hydrochloride 150 mg + Diclofenac Sodium 50 mg. Tablets

Tolperisone

- Centrally acting muscle relaxant
- Acts at the level of spinal cord by blocking sodium channels and calcium channels.
- Ensures muscle relaxation without concomitant sedation or withdrawal phenomena.

Diclofenac Sodium

- Exerts a pronounced analgesic effect within 15 to 30 minutes in moderate to severe pain of non-rheumatic origin.
- Reduces inflammatory swelling and wound oedema

In

Trapezitis, Periathritis, Neuroloathrism, Low back pain syndrome, Rehabilitation programmes, Painful reflux muscle spasm, Post-cerebral stroke spasticity.

Leads to pain-free life.

In the management of trauma/wound healing

TRIHEAL-DS

Trypsin 96 mg + Bromelain 180 mg + Rutoside Trihydrate 200 mg Tablets

Bromelain: Anti-inflammatory, immune-modulator

Inhibit the generation of Bradykinin at the inflammatory site

Rutoside: An Antioxidant

Inhibits platelet aggregation & decreases capillary permeability

Trypsin: Proteolytic enzyme

An natural anti-inflammatory to reduce pain/swelling

TRIHEAL

Trypsin 48 mg + Bromelain 90 mg + Rutoside Trihydrate 100 mg Tablets

Bromelain: Anti-inflammatory, immune-modulator

Exhibits proteolytic, anti-inflammatory, anti-thrombotic & Fibrinolytic action

Rutoside: An Antioxidant

Make blood thinner & improves circulation

Trypsin: Proteolytic enzyme

Helps to break up and remove dead skin and tissue

- In
- ⇒ Fractures & dislocation
 - ⇒ Acute & Chronic Sinusitis
 - ⇒ Otitis Media
 - ⇒ Laryngitis & Tonsillitis
 - ⇒ Caesarean Section
 - ⇒ Breast Engorgement
 - ⇒ PID
 - ⇒ Wounds
 - ⇒ Salpingitis
 - ⇒ Hysterectomy
 - ⇒ Sports injuries

In the management of trauma / wound healing

TRIHEAL-PLUS

Trypsin 48 mg + Bromelain 90 mg + Rutoside Trihydrate 100 mg + Diclofenac Sodium 50 mg Tablets

Bromelain: Anti-inflammatory, Immune-Modulator

- Inhibit the generation of Bradykinin at the inflammatory site

Rutoside: An Antioxidant

- Inhibits platelet aggregation & decreases capillary permeability
- Make blood thinner & improves circulation

Trypsin: Proteolytic enzyme

- A natural anti-inflammatory to reduces pain/swelling
- Helps to break up and remove dead skin and tissue

Diclofenac : Pain Reliever

- Targets only the inflammatory site with specific action

TRIHEAL-FORTE

Trypsin Chymotrypsin 50000 Units + Aceclofenac 100 mg + Paracetamol 325 mg Tablets

Trypsin Chymotrypsin

- Enhances wound healing process and increases the rate of recovery.

Aceclofenac

- Non Steroidal and trusted analgesic.

Paracetamol

- Well tolerated with no adverse gastrointestinal effects.

Unwanted Supremacy In Pain

Give a boost to structural growth with...

VITSAK-C

Vitamin C (Ascorbic Acid) 500 mg + Sodium Selenium 50 mg +
Zinc Sulphate Monohydrate 25 mg **Tablets**

VITAMIN-C

- ◆ Helping to protect cells and keeping them healthy.
- ◆ Maintaining healthy skin, blood vessels, bones and cartilage.
- ◆ Helping with wound healing.

Sodium Selenium

- ◆ Protect body from damage caused by oxidative stress. Help boost your immune system, Slow age-related mental decline and even reduce the risk of Heart Disease.

Zinc Sulphate Monohydrate

- ◆ Specifically it is used to treat zinc deficiency and to prevent the condition in those at high risk.

Premium Immune System Support

VITSAK-PLUS

Natural Vitamin C 500 mg + Vitamin D3 400 I.U. +
Citrus Bioflavonoids 50 mg + Zinc 22.5 mg **Tablets**

Vitamin C

Boosts immune system by increasing T-Lymphocyte activity. Phagocyte function leukocyte mobility and possible antibody and interferon production

Vitamin D3

Modulates innate immune system and also increases the phagocytic ability on immune cells

Citrus Bioflavonoids

Shows Increase in haematocrit, haemoglobin, erythrocyte, WBC values and neutrophils percentage

Zinc

Acts as gatekeeper of immune function and crucial for defending against invading pathogens

Clinical Challenges in the Management of INFECTIONS

XTRAHIT-500

Cefuroxime Axetil 250 mg / 500 mg Tablets

Knockdown
Infection
Effectively

- ☑ Most Potent antibiotic against meningitis caused by H Influenzae, meningococci & pneumococci
- ☑ Achieves superior cure rates compared to co-amoxycylav in chronic bronchitis
- ☑ Highly effective in the treatment of complicated UTI
- ☑ Short term cefuroxime is superior to standard oral penicillin regimen in the therapy of Pharyngitis
- ☑ Orally effective 2nd generation cephalosporin
- ☑ Better than 10 days of penicillin

XTRAHIT-CV-625

Cefuroxime Axetil 500 mg + Clavulanic Acid 125 Tablets

IN

- ★ Bone & joint infections
- ★ Septicemia
- ★ Meningitis
- ★ Gonorrhoea
- ★ LRTI
- ★ UTI
- ★ SSTI

Clavulanic Acid

- ☑ More efficiently eradicates beta-lactamase-producing strains & S.pneumoniae strains
- ☑ Excellent clinical activity in pharyngotonsillitis

Don't Be
Afraid of
wound Infection
Treat with

POVISAK-MS

Povidone-Iodine 50 mg, Metronidazole 10 mg, Sucralfate 70 mg *Ointment*

Metronidazole:

- An antibiotic that kills bacteria and microorganisms by damaging their DNA
- Highly active against gram-negative & gram-positive anaerobic bacteria.

Sucralfate :

- An anti-ulcer medicine that protects damaged tissue to help it heal.
- Heal several types of epithelial wounds such as ulcers, inflammatory, dermatitis, mucositis & burn wounds.

Sucralfate :

- An antiseptic that slowly release iodine to kill or prevent the growth of micro organism.
- Bactericidal against gram-positive & -negative organisms .

In:

Wound Infections

Skin Infections

Minor Cuts

Abrasions

Burns

Management of infections... Made Easy

Restore the smile of confidence in threatening conditions

XTRAHIT-SB 1.5g

Ceftriaxone Sodium (Anhydrous Ceftriaxone) 1000 mg
Sterile Sulbactam Sodium (Anhydrous Sulbactam) 500 mg Injection

Ceftriaxone

Possesses significant activity serious gram-negative organisms
Significant antibacterial activity in the presence of Beta Lactamase
Effective against a wide range of gram-positive & gram-negative bacteria.
Reduces the incidence of post operative infections, undergoing surgical procedures

Sulbactam

In a beta lactamase inhibitor and prevents the interaction of the enzyme with antibiotic molecule In such a way to extends the spectrum of ceftriaxone

Indication

Septicemia,
Gynecological infection,
Urinary Tract Infection (UTI),
Gonorrhea, Bacterial meningitis,
Skin & Soft Tissue Infections,
Pneumonia,
Bone & Joint Infections

Your trusted partner in Surgical Infections

Get Xtra Protection against infection with

XTRAHIT-CF 1.5g

Cefuroxime Sodium (Anhydrous Cefuroxime) 1500 mg Injection

Cefuroxime is one of the second generation bactericidal cephalosporin antibiotics. Which is active against a wide range of Gram-Positive and Gram-Negative susceptible organisms including many beta-lactamase producing strains.

- Active against beta lactamase producing strains of H.influenzae and N.gonorrhoea
- Empirical choice in beta-lactamase-producing strains of common respiratory pathogens.
- Broader spectrum of activity than cephalexin
- Twice daily IV cefuroxime followed by oral cefuroxime axetil is simple and effective sequential therapy regimen for the treatment

- Respiratory Tract Infection
- Ear, Nose and Throat Infection
- Urinary Tract Infection
- Soft-Tissue Infection
- Bone and Joint Infection
- Obstetric and Gynaecological Infection

Management of Infections.....made easy

Ensure compliance & Flexibility in
Advance Liver Disease

Udisak-300

Ursodeoxycholic Acid 300 mg Tablets

- Improves synthetic Function.
- Leads to detoxification
- Reduces the risk of neoplasia & growth of hepatoma cells
- Improves Liver function tests (Liver Enzymes level).
- Reduces subjective symptoms: jaundice, pruritus, fatigue, upper abdominal tenderness anorexia & nausea by up to 41%
- Increases Survival Rates.
- Improves Hepatic Precoma.

In: CHOLESTATIC LIVER DISEASES

NASH (NON-ALCOHOLIC STEATOHEPATITIS)

IHCP (INTRAHEPATIC CHOLESTASIS OF PREGNANCY)

CHRONIC HEPATITIS-C

HCC (HEPATOCELLULAR CARCINOMA)

Also Available

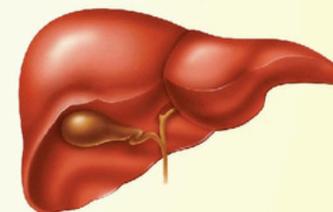

Udisak-600 SR

Ursodeoxycholic Acid 600 mg (Sustained Release) Tablets

Xtraliv

Silymarine 140 mg + Metadoxine 500 mg + L-Ornithine + L-Aspartate 150 mg +
Pyridoxine HCl 3 mg + Folic Acid 1.5 mg Tablets

- ✓ Protects liver against various hepatotoxins
- ✓ Excellent gastrointestinal prokinetic agent
- ✓ Significantly increases the appetite
- ✓ Corrects alcoholic liver dysfunction
- ✓ Immunomodulator in immunosuppression of obstructive jaundice, hepatic fibrosis

Xtraliv | Xtraliv

Silymarin 35 mg + Lornithine L-aspartate 150 mg +
Tricholine Citrata 500 mg with Vitamins B-Complex
Suspension

L-Ornithine L-Aspartate 5 mg Injection

- ✓ Acts as a hepato-protector and rejuvenator
- ✓ Improves liver detoxification
- ✓ Improves quality of life during hepatitis C treatment

In

- Alcoholic liver dysfunction
- Liver Enlargement
- Loss of appetite
- Jaundice

Indications :

Memory enhancement | Depression & anxiety stroke | Parkinsonism disorder
Closed craniocerebral trauma | Alzheimer disorder | Neurological & cognitive disorder

STROKE PLUS-400

Citicoline Sodium 500 mg + Piracetam 400 mg Tablets

Citicoline :

- Increases blood flow and O₂ consumption in the brain Involved in the biosynthesis of lecithin.
- Involved in the biosynthesis of lecithin.
- Enhances the synthesis of phosphatidyl-choline in brain.
- The extensive damage caused by stroke requires repair & regeneration of the axons & synapses of neurons, so new membrane production is necessary.

Piracetam :

- A cyclic GABA derivative & acts as a cognition enhancer.
- Acetylcholine via muscarinic receptors which are implicated in memory process.
- Improves the production of ATP & promotes cerebeal metabolism.
- Enhances protein synthesis in the brain.
- Enhances the excitatory neurotransmitter NMDA glutamamte receptor which is involved in learning and memory process.

THE BRAIN REJUVENATOR
